

SUSTAINABILITY OUR GOALS

Estates

Holistic view from the paint on the walls to the jacket on a water cylinder

- Alternative energy
- Responsible consumption
- Waste management
- Resource conservation
- Innovation

People

- Walk/cycle/use public transport
- Hold calls/MS teams calls wherever possible
- Home working

Head Office

- Advocacy & innovation
- Minimise our use of paper and other office consumables
- Streamline business processes reducing less waste and using less energy
- Reuse and recycle

- Consider & incorporate sustainability requirements within contracts for suppliers and contractors appointed by ELM Group/RLHA.
- Seek to purchase electricity from a supplier committed to renewable energy

WHY?

- Better for the environment
- Pollution prevention
- Reduce carbon footprint
- Healthier and safer working conditions for our employees
- Better quality of estates for our leaseholders
- Protects our future for generations to come
